

## Damon Master Class Master Class for Masters

Dr. Bader Borgan

### GENERAL INFORMATION

## Damon Master Class

## Master Class for Masters

Orthodontics is the only specialty that helps you to create natural healthy smiles that would give your patients a new start in life.

### THEORY

Damon system is the only system that enables you to treat any case you may have, open the door for more treatments options and simplified protocols.

### TREATMENT PLANNING

For more over than 8 years I have been trying different ways and protocols for treatments with Damon system until I have finally created my own philosophy - Borgan-odontics - in using the DAMON system which helped me and will help you to be the only doctor who treats cases other doctors can't.

Everything I have learned, created or developed, using the Damon system has been gathered in this master class, and for the first time in İstanbul it will be available to you, so you can become a master of Damon system, step by step ... from beginning to end.

# Damon Master Class

## Master Class for Masters

### Dr. Bader Borgan,

BDS (Jordan), MSc (Cairo), MOrth RCS(Ed.)  
Consultant Orthodontist

Dr.Borgan received his dental degree from the University of Jordan in 1994, which was shortly followed by a master of orthodontics from Cairo university and a

fellowship from the Royal College of Surgeons in UK.

In addition to his orthodontic practice in JORDAN, Dr.Borgan moved with his family in 2015 to Cambridge - UK, where he founded his Academy.

Dr.Borgan is a key opinion leader in the region of EMEAI (Europe, Middle East, Africa & India) for Ormco.

He is part of the R&D team for Insignia, where recently Insignia has applied his modification in the design of the system.

Dr.Borgan loves to share his passion towards creating beautiful smiles and faces, he believes that using the most advanced technology in diagnosis and treatment can produce beautiful smiles without removing teeth or major surgeries.
